1 Questions

1. How was the mentor meeting? Was there a good discussion/Did you get your questions answered/requests responded to?

Answer: Yes, the second meeting involved the faculty supervisor as well as Elsevier, who is co-mentoring this capstone project alongside Professor Kessler. I met Dr. Lima-Walton, from Elsevier, in-person and explained to her the problem statement in detail.

2. Do you have clear next steps?

Answer: Yes, the next steps were clearly laid out. We were given instructions on what to work on next - Exploratory Analysis and establishing a baseline, from the previous work. The github repository has been set up.

3. Do you and your teammates know exactly what you'll be doing this week?

Answer: Yes, every member has an idea of what to do. Exploratory data analysis, and exploring any data shifts that may have occurred between the old and new datasets.

4. Any challenges or roadblocks?

Answer: No blockers for this week.

5. Any questions or feedback?

Answer: No questions. A productive concise discussion took place.
